### HIGH ROPES

Challenge yourself and encourage others to climb high in the sky on our high ropes course.

**ROCK CLIMBING WALL:** Lutherhill's wall towers 35 feet in the air and climbers can choose from two sides to ascend to the top. One side has three paths to climb, including a ladder, a negative face to test your strength, and a flat path. The other side of the wall begins with a positive incline and transfers to a flat wall one-third of the way up.

**ZIP LINE:** Glide down our 400-foot zip line from the top of our 35-foot tower.

**THE GIANT SWING:** Experience the ultimate swing! Climbers are lifted between 10-25 feet in the air and are released to swing for three minutes. This is a Lutherhill favorite!

**LEAP OF FAITH:** Climb atop a 30 foot telephone pole and take the leap of faith by jumping to the swinging trapeze just feet ahead of you!

**TEAM COURSE:** Challenge yourself to complete the team course with a partner! Two at a time, individuals travel across the incline logs, a two-wire bridge, the team beams, and a swinging bridge. Top off the feat by gliding down the zip line.
